INVESTMENT SERVICES

Under the descriptions provided by the RDR, we shall provide our clients with "restricted advice". This means that we will be offering advice from a selected range of providers, platforms and custodians. We have a custodian who we generally recommend, Royal Bank of Canada, but we are able and do use others when suitable or relevant.

We continue to focus on providing investment solutions where we are most accomplished and have flexibility to invest in all types of investments in line with the strategies and profiles agreed with our clients.

We continually monitor our providers and custodians to ensure our clients receive optimal cost, service and performance.

The value of investments and any income from them can fall as well as rise and neither is guaranteed. Investors may not get back the capital they invested. Past performance is not indicative of future performance. The material is provided for informational purposes only. No news or research item is a personal recommendation to trade. Nothing contained herein constitutes investment, legal, tax or other advice.
